Do I have to wait a year before resubmitting outstanding requirements?

You can submit any outstanding requirement at any time. You don't have to wait until 12 months have passed. We'll be in touch with you towards the end of the policy term to ensure you have the support needed to complete the requirements.

When does coverage begin?

Your coverage will be effective when:

- we deliver your policy and
- you make your first payment and
- (when required) you've provided evidence that your insurability hasn't changed since you applied for insurance.*

When does coverage end?

Coverage will end at the end of the 12 month period. If you submit outstanding requirements before your policy expires, you can re-apply for life insurance to help ensure continuous coverage.

Is there a difference if you pay premiums monthly or annually?

You can choose to pay premiums annually or by monthly pre-authorized chequing. If you pay monthly, premiums are slightly higher. To calculate the monthly premium, multiply the total annual premium by 0.09.

For example:

If the annual premium is \$400, the monthly premium is $\$400 \times 0.09$, which equals \$36 per month or \$432 per year.

* We may ask you to provide evidence of any change in your health or insurability that happens between the time you apply for insurance and the time we deliver your policy.
