ADDITIONAL INFORMATION

- To calculate the premium for a family, use the applicable rates for the age of each insured.
- If there are two adults in the family, use the couple rate for each adult's age instead of the single rate.
- If a child is applying without an adult, the < 45 single rates will apply.
- To calculate an annual premium, multiply the monthly premium by 12.
- Policies may be issued up to age 74 and are yearly renewable.
- This rate sheet is prepared for information purposes only and is not an offer to provide insurance. It does not form part of any policy that may be issued.

Rates are reviewed annually. Check the most up-to-date cost of different options by running a quote online at sunlife.ca/HCCquote.
