Investment guidelines

Sun Life's in-house real estate team manages the real estate holdings, together with our property management and leasing partners. The Canadian real estate portfolio is a well-diversified collection of office, industrial, retail and multi-unit residential properties with holdings in major markets across Canada and the U.S. The majority of the portfolio is comprised of high quality, income-producing properties with virtually no leverage. The overall real estate portfolio continues to outperform other asset classes, helping to enhance the overall yield of the Sun Life Participating Account.
